

# Personal accident

Insurance for members with an active WeHunt Standard, Premium, or GPS Max subscription during all lawful hunting activities, including related preparation and follow-up work.

Accidents can never be predicted, but if one should occur, it is important to have comprehensive insurance coverage. In the event of an accident, you may be entitled to compensation for medical care, prescription medications, travel expenses, dental treatment, rehabilitation, as well as compensation for permanent injuries and disability.

The insurance is valid during all lawful hunting activities, including associated preparation and follow-up work where the WeHunt app is used.

The insurance also covers travel to and from the hunting location.

## Important information to know:

- The insurance is valid in the Nordic countries.
- There is no deductible to pay in order to receive compensation.
- The insurance covers public healthcare and prescribed medications up to the national high-cost protection limit.
- If you have a private personal accident insurance policy, you may also be entitled compensation from that policy for the same injury.
- The insurance does not cover firearms or hunting dogs. It applies only to you as a member.

## How to report a claim:

### For customers in Sweden

You can submit your claim through If's digital claims reporting service (via QR code), by email, or by telephone.

### For customers in Norway, Finland, or Denmark

Claims should be reported by email or telephone to If Sweden. For users in Finland and Denmark, the claim must be submitted in English.

Always provide the insurance policy number when reporting a claim.

**Insurance Policy Number:** SP7659298

**Email:** olycksfall.foretag@if.se

**Telephone:** +46 771-815 818
